

FIELD DAY DETAILS

Group size of 25-75. We will do our best to accommodate larger groups, but cannot guarantee our ability to host groups exceeding 75

Cost: \$15 per student, teachers and chaperones are free

Field day length is flexible and the number of activities that can be incorporated will depend on length of the day

Tea, coffee, and muffins are available for chaperones all day

In the event of rain, most activities can continue to be held inside if group number allows

What to Bring:

- A bagged lunch and morning snack
- A water bottle
- Socks and running shoes
- If swimming: a towel and bathing suit to change into
- Hat & Sunscreen
- Bug spray (optional)
- Backpack/bag to keep their belongings together
- Name tags for students

KINGSWOOD ACTIVITIES

Outdoor Adventures

Students can learn outdoor survival skills such as fire building, shelter building, or compass navigation

Canoeing

Students get a brief intro to canoeing with qualified instructors. Each student is outfitted with a properly fitted PFD and paddle. For Gr.5 and up only!

Archery

Enjoy some basic archery instruction. Students will have to wait to take turns during this activity. Gr 4 and up only!

Rhythm

Learn a few basic rhythms and have fun with dance and rhythm games.

Swimming

Lifeguards will oversee all waterfront activities. PFDs are required for all swimmers.

Nature Walk

Students will be led on a walk through our trails and given fun facts about nature along the way

Field Games

Play some of the great games that campers go home talking about!

Bouldering

Students will take turns climbing on the bouldering wall. Recommended for Gr. 4 and up!

Crafts

Students can get creative making an age appropriate craft!

Campfire

This is a great way to end a school field day. Come with a loud voice and your funny bone! Enjoy a s'more at the end of the day.

STEM

Students will have the opportunity to participate in an age appropriate STEM activity.

Messy Science

With the guided hand of our staff, students can participate in wacky, silly, and educational science experiments.

Team Building Initiatives

Students will be led through a variety of team building activities utilizing some sections of our low ropes course

WHAT ARE OTHER TEACHERS SAYING ABOUT KINGSWOOD?

"I like how the day is well organized and runs smoothly. Also the age appropriate activities. Your staff are awesome! Keep up the great work"

"It was an amazingly organized and fun-filled day for students and staff. You really thought of every little detail which made the teachers' jobs much easier for the day, and the students had an amazing time!"

LEARNING OUTCOMES

We want to ensure your students are meeting curriculum outcomes while they are on their class trip. We are open to adding extra elements to the activities to ensure that learning outcomes are met; we just need to know what outcomes you want to meet! Kingswood wants to partner with you to make this a fun and educational experience!
